PROFESSIONAL SUMMARY

Aspiring Business Intelligence and Data Analyst with hands-on experience in building real-time data dashboards and analyzing complex datasets. Skilled in Python, SQL, and data visualization with a focus on deriving actionable insights. Strong interest in data-driven decision-making, analytics, and AI-powered business solutions.

SKILLS

- **Programming: Java -DSA, Development**
- **ML & Data: SQL, Data Visualization, Data Analysis**
- **Tools: Git, GitHub, Linux, Streamlit**
- **Domain: Data Analysis, Machine Learning, Cybersecurity Analytics**

EDUCATION

- B. Tech Computer Science and Engineering| Galgotias University CGPA**:** *7.4*
- XII (CBSE) | Divine Sainik School *69.00%|2020*
- X (CBSE) | Divine Sainik School *85.02 %|2018*

ACADEMIC PROJECTS

- ***Real-Time Network Traffic Analyzer Dashboard-***
  Real-Time Network Traffic Analyzer Dashboard. Built an interactive dashboard using Streamlit to visualize real-time network traffic data. Performed packet-level data analysis to identify anomalies and suspicious activity patterns. Applied explainable AI (SHAP) techniques to interpret model predictions and improve transparency. Focused on deriving actionable insights for network monitoring and threat detection. Technologies: Python, Streamlit, Data Visualization, SHAP, Network Analysis.
- ***Sales Performance & Customer Insights Dashboard-***
  Analyzed retail sales dataset using SQL to identify revenue trends and customer behavior. Developed an interactive Power BI dashboard with KPIs, regional analysis, and product performance insights. Performed data aggregation and trend analysis to support business decision-making. Generated actionable insights on sales distribution, top-performing categories, and seasonal trends. Technologies: SQL, Power BI, Data Analysis, Data Visualization.

ACHIEVEMENTS

- **Solved 100+ DSA problems on Leetcode.**
